人生多视角  
看人须动心  
切莫受蒙蔽  
以为能登天

近墨难免污 病毒多传染  
明知洁无暇 总觉有黑点

Count the black dots! :o)

黑白莫太混 情真说不来  
总是看不惯 以为路偏斜

Are the horizontal lines parallel or do they slope?

人生有幻觉 情多莫轻许  
好似一头象 不知多少腿

How many legs does this elephant have?

Keep staring at the black dot. After a while  
the gray haze around it will appear to  
shrink.

眼明天不亮 人生多缺点  
只为看习惯 渐觉小阴影

前后总在转  
晃眼疑不真  
若是心常动  
难免会头晕

FOCUS ON THE DOT IN THE CENTRE AND MOVE YOU HEAD BACKWARDS AND FORWARDS.  
WEIRD HEY...

This is without a doubt one of the coolest PC-Illusion, I have seen so far.

Follow the instructions:

- 1) Relax and concentrate on the 4 small dots in the middle of the picture for about. 30-40 secs.
- 2) Then, take a look at a wall near you ( any smooth, single coloured surface)
- 3) You will see a circle of light developing
- 4) Start blinking your eyes a couple of times and you will see a figure emerging...
- 5) What do you see? Moreover, who do you see?

专注小黑点  
回头看亮斑  
眨眼犹不信  
红颜非一般

If you take a look at the following picture , let me tell you ... it is not animated. Your eyes are making it move. To test this, stare at one spot for a couple seconds and everything will stop moving. Or look at the black center of each circle and it will stop moving. But move your eyes to the next black center and the previous will move after you take your eyes away from it.... Weird

静物偏能转  
怀疑双眼睛  
幡动或心动  
谁能说得清

人生难免有幻觉  
黄金如玉非说谎  
正对背对无所谓  
若是人心不思想

***Is The Book Looking Towards You... Or Away  
From You?***

***Now here's a deal send this to atleast six  
people and a really cool optical illusion  
will pop up in ur screen in the next 2 minutes  
"Im telling you it is worth it"***

直线能弯曲 视觉有误差  
阳光穿不透 黑洞有自夸

Are the purple lines straight or bent?

难以见真实 人忙不深思  
大小原相对 试问谁高低

Which circle in the middle is bigger?

情多难理论 是非看不清  
黑白谁能说 常见是阴影

Do you see gray areas in between the squares?  
Now where did they come from?

难看真面目  
一双大眼睛  
只会说谎话  
偏为情动心

You should see a man's face and also a  
word...

Hint: Try tilting your head to the right, the  
world begins with 'L'

Is this possible!?!

情深只幻觉  
真爱不可能  
哪怕不是立体  
砖头原灰坐
